Collaborative Stage Version Coding Instructions

Use CSv02.02 Coding Instructions, Part I, Section 1 and Section 2 to code cases in your CSv02.02 cancer reporting software.

Do not use the new CSv02.03 Coding Instructions for abstracting cases until your software has been updated to version CSv02.03.

CSv02.03 is required for cases diagnosed on or after January 1, 2011. Consult your software vendor regarding CSv02.03 software availability.
